Workshops

IP offers workshops which are designed to assist students with their personal and career development. The workshops will provide information about immigration rules, education and career choices, cultural adjustment, and other issues. The format will be a combination of speakers, handouts, assessments, and discussion, with time for questions and answers.

Each of the workshops below are offered each quarter. Updates with workshop times and locations will be provided when they are available, via our Facebook page.

Employment Workshop: Come and learn about the different employment options for international students, including on-campus jobs and Optional Practical Training (OPT).

OPT Workshop: This workshop is designed for students who are nearing the completion of their program and would like to learn more about OPT and its application process.
